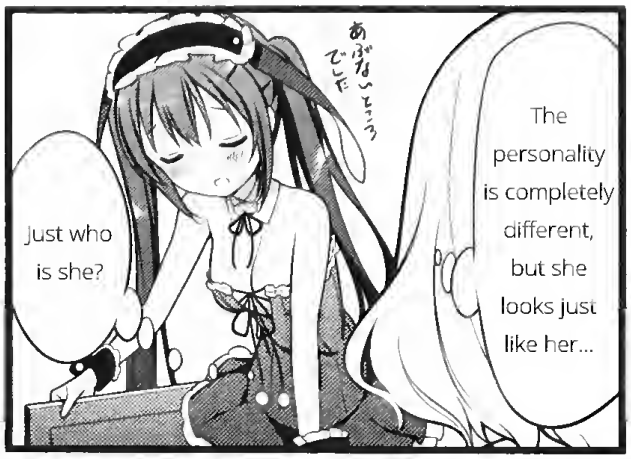
Even though she's always there for me...
In sempai's time of need, there's nothing I can do...



あぶない…
Just who is she?
The personality is completely different, but she looks just like her...

Eh?
It's no big deal!
Thanks for stopping by my classroom every morning to greet me.
I'm so glad to have such a faithful kohai.

Um... you aren't by chance a sempai's twin or something?

Really... sempai...?
So, don't be so lonely today...
I'm worried.

Stop with the weird posing.
Well, I'm a fairy!
Do I look so similar?

Making me fall for an imitation, how mean~!
So, you happy now?
Is the wish fulfilled?
I just recently learned about this whole situation

She came up with a compro-mise plan!
Then, how about I'll be sempai's substitute for today?
Then your wish will be fulfilled!
